THE DISTINGUISHED CLINICIAN AWARD

We all know the importance of a great mentor in the development of teacher candidates. Help TxATE acknowledge the priceless contributions in-service teachers make to our candidates through a nomination for the TxATE Distinguished Clinician Award.

This award is presented to a public school teacher who has demonstrated exemplary service in the field, assisting in the supervision of student teachers and/or student interns.

Nomination narratives should address how the nominee interacts with the student teacher/intern in areas that address specific issues of practice, the development of particular skill sets, and the overall facilitation of growth.

This is a wonderful chance to acknowledge the critical role public school teachers play in the cultivation of the next generation of highly qualified teachers.

Nominations should be submitted here: [Distinguished Clinician Nomination](#) by **May 1, 2023**. Award presented at TxATE conference in June, 2023.
